RESTAURANTS

**W**e don't just feed our customers, we feed their souls as well.

We go out of our way to create memorable experiences. Our obsession with going above and beyond is inspired by the Persian concept of "Nooshe jân". Used in a similar way to "bon appetit", it also has a deeper meaning that translates more like "may it nourish your soul". Because the experience we want to create goes way beyond a nice meal. We talk about our drinks, service, and atmosphere because we know they're as important to customers as our food.

Every detail, from the quality of the ingredients, to the lighting, acoustics, and the

pacing of the meal, feeds the feeling of well-being our customers leave with.

Founded by acclaimed Brighton-based restaurateur Razak Helalat, the Black Rock Restaurants Group comprises Brighton's The Salt Room, The Coal Shed in London and Brighton, and most recently, Burnt Orange.

Within our portfolio when it comes to Private Dining & events there's something for everyone. Whether your planning a corporate event, wedding, intimate dinner or the party of the year; our staff are on hand to create something very special.
